

## Bluetooth® pairing with legacy mode

---

If you are unable to pair your Moneris PAYD™ PIN pad in SSP mode, follow these steps carefully to enable legacy mode on the PAYD® PIN pad and then pair the PAYD PIN pad with your mobile device via Bluetooth. Don't worry; you'll only have to do this once.

**Note:** Ensure the PAYD PIN pad is connected to an external power source while you perform the following steps. Confirm that the **WELCOME/BONJOUR** screen is displayed on the PAYD PIN pad before you proceed.

### 1. POWER UP YOUR MOBILE DEVICE

- a) Turn on your mobile device.
- b) Ensure Bluetooth is turned on, your mobile device is discoverable, and the Bluetooth menu is displayed.
- c) Set your mobile device aside.

### 2. RE-ENABLE LEGACY MODE ON THE PAYD PIN PAD

- a) On the PAYD PIN pad's **WELCOME/BONJOUR** screen, simultaneously press and hold down the yellow  key and the  key.
- b) Wait while the PAYD PIN pad reboots (this will take several seconds).
- c) When you see the following screen, you have 10 seconds to press the red  key and then the green  key.

- d) When you see the **TELIUM MENU** screen, select **YES** (F4).  
**Note:** If you see the **WELCOME/BONJOUR** screen instead, go back to step 2a on this page.
- e) When you see the **PRESS F KEY** screen, press the  key.
- f) When you see the **FUNCTIONS** menu, press the **2** key to select **BT PAIRING**.
- g) Press the **6** key to select **Security Mode**.
- h) Press the **F2** key to highlight **Legacy (3)**, then press the green  key.
- i) Wait while the PAYD PIN pad reboots back to the **WELCOME/BONJOUR** screen.
- j) Continue on the next page.

### 3. ACCESS THE BT PAIRING FUNCTIONS ON THE PAYD PIN PAD

- a) On the PAYD PIN pad's **WELCOME/BONJOUR** screen, simultaneously press and hold down the yellow  key and the  key.
- b) Wait while the PAYD PIN pad reboots (this will take several seconds).
- c) When you see the following screen, you have 10 seconds to press the red  key and then the green  key.

- d) When you see the **TELIUM MENU** screen, the PAYD PIN pad is ready to pair with your mobile device:  
**Note:** If you see the **WELCOME/BONJOUR** screen instead, go back to step 3a on this page.
  - To pair the PAYD PIN pad with an iPhone®, iPad®, or iPod Touch®, go to page 3.
  - To pair the PAYD PIN pad with an Android™ mobile device, go to page 4.

## Pairing with an iPhone, iPad, or iPod Touch

**Note:** Leave the PAYD PIN pad connected to an external power source while you perform the following setup steps. Ensure that the Bluetooth menu is displayed on your iPhone, iPad, or iPod Touch (collectively referred to as “mobile device”).

### 1. MAKE THE PAYD PIN PAD DISCOVER YOUR MOBILE DEVICE VIA BLUETOOTH

- a) On the PAYD PIN pad's **TELIUM MENU** screen, select **YES** (F4).
- b) When you see the **PRESS F KEY** screen, press the  key.
- c) When you see the **FUNCTIONS** menu, press the **2** key to select **BT PAIRING**.
- d) Press the **2** key to select **Pair device (iOS)**.
- e) When you see the **AVAILABLE DEVICES** screen, press the green  key to select **Search devices**.
- f) When you see a list of devices, scroll (F2) to your mobile device, and press the green  key to select it.
- g) When you see the **Start pairing...** screen with a 16-digit PIN code, go to the next step.

**Note:** This screen will time out after 1 minute.

### 2. ENTER THE BLUETOOTH PIN CODE ON YOUR MOBILE DEVICE

- a) On your mobile device, enter the 16-digit PIN code when prompted.
- b) On the PAYD PIN pad, you will see **Pairing Success** and then the **BT PAIRING** menu.

**Note:** Your mobile device will indicate the PAYD PIN pad ID is "Connected". (If your mobile device prompts you to download or install an app, decline the prompt, and continue the setup steps below.)

  - If you see **Pairing Failure** (your mobile device will display a similar "failure" message), go back to step 1d on this page and retry the pairing steps.
- c) On the PAYD PIN pad, press the red  key, and then wait while the PAYD PIN pad reboots back to the **WELCOME/BONJOUR** screen.
- d) Go to *Initializing the PAYD PIN pad* on page 5.

## Pairing with an Android mobile device

**Note:** Leave the PAYD PIN pad connected to an external power source while you perform the following setup steps. Ensure that the Bluetooth menu is displayed on your mobile device.

### 1. MAKE THE PAYD PIN PAD DISCOVER YOUR MOBILE DEVICE VIA BLUETOOTH

- a) On the PAYD PIN pad's **TELIUM MENU** screen, select **YES** (F4).
- b) When you see the **PRESS F KEY** screen, press the  key.
- c) When you see the **FUNCTIONS** menu, press the **2** key to select **BT PAIRING**.
- d) Press the **1** key to select **Pair device (Android)**.
- e) When you see the **Waiting for pairing...** screen with a PIN code, go to the next step (do not use this code).

### 2. ENTER A BLUETOOTH PIN CODE ON YOUR MOBILE DEVICE

- a) Make your mobile device actively scan for devices with which to pair.
- b) When you see the 8-digit PAYD PIN pad ID (e.g., **I6023456**) on your mobile device, tap the PAYD PIN pad ID.  
**Note:** The ID always starts with "I6" and is printed on a label affixed to the back of the PAYD PIN pad.
- c) When you are prompted for a PIN code, enter any 8- to 16-digit number of your choosing.  
**Note:** You will also enter this number as the PIN code on the PAYD PIN pad in the next step.

### 3. ENTER THE BLUETOOTH PIN CODE ON YOUR PAYD PIN PAD

- a) When you see the **ENTER PIN CODE 8 to 16 digits** screen on the PAYD PIN pad, enter the same number that you entered on your mobile device in step 2c, then press the green  key.
- b) On the PAYD PIN pad, you will see **Pairing Success** and then the **BT PAIRING** menu.  
**Note:** Your mobile device will indicate the PAYD PIN pad ID is "Paired".
  - If you see **Pairing Failure** (your mobile device will display a similar "failure" message), go back to step 1 d) on this page and retry the pairing steps.  
**Note:** You may reuse the same PIN code or re-enter a different one.
- c) On the PAYD PIN pad, press the red  key, and wait while the PAYD PIN pad reboots back to the **WELCOME/BONJOUR** screen.
- d) Go to *Initializing the PAYD PIN pad* on page 5.

## Initializing the PAYD PIN pad

---

Now you can initialize the PAYD PIN pad from the mobile payment app on your mobile device.

- a) For instructions on how to initialize the PAYD PIN pad, refer to the “Getting Started” section of your Welcome Email.

**IMPORTANT:** Make sure you fully charge the PAYD PIN pad before using it to accept payments. When the battery icon in the top right corner of the PAYD PIN pad's **WELCOME/BONJOUR** screen is solid black, it means the battery is fully charged.

Charge Amount	Battery Icon
100% (full) charge
